

2020 Authentic Leadership Conference

May 29, 2020

Leading from your Authentic Self

Rev. Don Lewis will discuss the dangers of self-limitation, ways that we limit ourselves and how these prevent us from fulfilling our highest good, and how to overcome these to become the best leader you can be, whether in everyday life or in positions of responsibility.

Allowing the Phoenix to Rise

Rev. Nikki Kirby will show you how your Authentic Self can emerge from the ashes. She will teach you to transform your fears into positive action, and emerge as the Divine Being you are!

The Servant Leadership Model: Combining Strengths with Purpose

Rev. Phoenix-Coffin – Williams presents how participants can expect to learn about the "servant leadership" perspective of working within an organization or a community.

A Time for Exploration and Other Leadership Traits

Rev. Stephanie Neal will open an awareness of your Authentic Self, considering such questions as: Are you balanced? Are you patient? Do you have goals and what are they? Do you know what you want in life? Are you a leader? Are you a teacher? These are just a few questions posed at this virtual lecture.
